

Education

MDBriefCase provides accredited, online continuing professional development (CPD) to help healthcare practitioners (HCPs) enhance their professional practice and stay at the forefront of the latest evidence and protocols. Through innovative partnerships, we offer high-quality content, free of charge, to HCPs throughout Australia.

Informed by feedback from our members, our content is developed by leading specialists and peer-reviewed by experts at respected institutions. These collaborative relationships allow us to produce custom educational content covering all therapeutic areas.

MDBriefCase are proud to host the following programs in Dermatology:
